

# ELMIRA COLLEGE

OFFICE OF THE PRESIDENT

March 21, 2025

Dear Students and Parents:

The Elmira College Board of Trustees recently approved the College's comprehensive fee schedule for the 2025-2026 academic year. The College will limit the increase in tuition and fees to two percent. Total room and board charges will rise by one percent, with no increase in room charges but a two percent increase in the meal plan.

## **Tuition and Fees for the 2025-26 Academic Year**

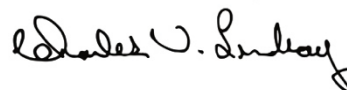

Tuition	\$37,800
Room & Board	\$14,684
Comprehensive Fee	\$ 1,960

While we have taken significant measures to control costs for the coming year and beyond, the increase in room and board charges is a reflection of rising costs for energy and food. Despite this increase, the overall cost of an EC education remains competitive with other small, private colleges in our region, and our students continue to receive an exceptional educational experience and the benefits of a close-knit campus community.

In addition, and in line with our ongoing commitment to access and affordability, the College continues to offer support through its generous scholarship aid program. Students also benefit from the College's endowment income and contributions from alumni and friends.

We are committed to supporting each student's success by keeping tuition and fees competitive and offering multiple financial aid opportunities for our students. I encourage you to contact the Business Office or the Financial Aid Office with any questions you may have and look forward to welcoming everyone back to campus in the fall.

Sincerely,

Chuck Lindsay, PhD  
President
