****Disciplinary Probation** is a serious and active response to a violation of rule(s) and may include educational sanctions or other requirements as a term of the probation. This is imposed for serious violations or a pattern of violations of the Code of Conduct. Probation is for a designated period of time and includes the probability of more severe disciplinary sanctions if the student is found responsible for further violations of the code of conduct during the probationary period. While on probation, students may be ineligible to receive certain awards or live in certain housing. At the discretion of campus offices and programs, students on probation may be ineligible for employment and/or participation in certain campus programs.

Note that repeated offenses will accelerate sanctioning and eventual suspension or expulsion.

The Vice President of Campus Life and the Assistant Dean of Students reserve the right in the event of a violation of these guidelines to enact interim measures including immediate suspension or expulsion in order to ensure the health and safety of the whole Elmira College community.
