

# ELMIRA COLLEGE

OFFICE OF CAMPUS SAFETY

April 5, 2024

Elmira College Community,

As most of us are aware, there will be a solar eclipse happening on Monday afternoon (4/8/24). Due to the expected increase in visitors to the region Sunday through Monday, you may experience limited or no cell service and increased traffic in the region during this time. Please plan accordingly. Chemung County is offering [additional information and resources on their website](#).

The Office of Campus Life has a limited number of special eclipse viewing glasses available at the information desk in the Campus Center on a first come, first serve basis.

Please remember to take the necessary safety precautions if you plan to view the eclipse.

**Joseph J. Kane**

Director of Campus Safety

O: (607) 735-1776
