

ELMIRA COLLEGE

OFFICE OF THE PRESIDENT

January 26, 2021

Dear Students,

I hope everyone had a successful first week of classes. The transition back to campus has been relatively smooth, and we are looking forward to shifting to in-person classes on Monday, February 1.

A reminder that testing for all, non-nursing commuter, part-time and graduate students will take place this week, January 27, 28, and 29 from 9:00 a.m.-4:00 p.m., in the Morris Classroom, Meier Hall. You do not need an appointment. Commuter, part-time and graduate students who are taking classes virtually and will not be on campus during Term II, do not need to be tested.

Also, I am pleased to share with you that we now have, on-campus, the test kits needed to complete random sampling, symptomatic, and athletics-related testing through the end of the academic year.

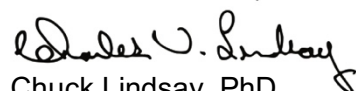

Last week, I shared that we would be hosting a virtual event for students and parents at 6:00 p.m., on Thursday, January 28. Given the potential for a large number of participants, we will be hosting this event on the College's Conduit platform. **You will need to create an account prior to the event by following the below link and completing the registration form. Parents who intend to participate in the event should also create an account.** Please refer to the attached Registration Information document for additional details.

Create an account: <https://www.pqe.io/sign-up/voh/elmira-college-multi-private?event=ElmiraCollegePrivate&account=ElmiraCollege&refcode=>

I look forward to "seeing" you on Thursday.

Sincerely,

Sincerely,

Chuck Lindsay, PhD

President
