

ELMIRA COLLEGE

OFFICE OF THE PRESIDENT

October 2, 2020

Dear EC Community,

I wanted to thank those who participated in yesterday's COVID-19 testing. It was a quick turnaround, but there was a good turnout with 430 residential students and employees, currently on campus, getting a test.

For those who were tested, you can [log into the account](#) you created when registering for the test and check your dashboard for the results. If you need assistance logging in, contact Cayuga Medical at mycayugahealthsupport@cayugamed.org or call (607)319-5708. Please note that while most results should be returned today, Cayuga Medical indicated that some results may not be available until tomorrow morning (10/3).

The [EC COVID-19 dashboard](#) will be updated with the numbers that have been returned. It is important to note that we may see a jump in the new cases and positive test numbers given the large amount of tests completed yesterday. This was anticipated and the College's Emergency Management Committee has been meeting daily to prepare for a potential increase in numbers. The Committee is in close contact with the Chemung County Health Department to ensure the recommended guidelines are being followed.

Keep in mind that this is a rapidly evolving situation and the numbers fluctuate daily. Even as we have seen the number of positive cases increase over the past few days, we have students completing their isolation and quarantine periods.

Thank you for your patience and collaborative spirit as we work to keep our campus community safe and healthy.

Sincerely,

A handwritten signature in black ink, appearing to read 'Chuck Lindsay'.

Chuck Lindsay, PhD

President
